

Retraction: Toward a Unified Theory of High-Energy Metaphysics: Silly String Theory

Josiah Carberry

Department of Psychoceramics, Brown University

<http://dx.doi.org/10.5555/24242424x>

Retraction Notice

Josiah Carberry wishes to retract this article as CERN's LHC has since discovered that silly putty, not silly string is the fundamental base of the universe.

Sorry about that.
