

## February, 2012: Correction & Clarifications

The journal of Psychoceramics would like to issue the following corrections and clarifications.

### **Correction: *Deconstructing Write-Back Caches* by Josiah Carberry**

<http://dx.doi.org/10.5555/777766665555>

The X axis on figure 2 is incorrectly labeled “distance (bytes)” whereas it should be labeled “distance (gigabytes)”. We are sorry if anybody ended up on the wrong continent.

### **Clarification: The Memory Bus Considered Harmful by Josiah Carberry**

<http://dx.doi.org/10.5555/666655554444>

We should have been clear that we are talking about a computer hardware, not a form of public transportation. We apologize to those who abandoned public transportation due to the alarm that was raised.
